May 21, 1991

Mr. Chris Brown
Branch President
The Allergy and Environmental Health Association
6267 Castille Court
Orléans, Ontario
K1C 1X4

Dear Mr. Brown:

In my letter of March 12, 1991, to you, I stated that I had referred your letter of February 16, 1991 to the Medical Directors for discussion at their monthly meeting in April.

I would like to report that the Medical Directors have now discussed your letter and have provided me with feedback concerning their discussion. It was decided that a point-by-point reply to your letter would not answer your concerns. We have therefore decided that, in order to address these concerns, this Branch will be convening a meeting of several physicians, including clinical ecologists, as well as some members from other disciplines. Terms of reference for the group will include literature review, issue identification, and possible avenues for change.

We would like to invite you to attend this meeting. I would appreciate a return telephone call to let us know if you are interested in attending. This meeting will be scheduled for Fall 1991 and will be held either here in Toronto, or in Ottawa.

Again, I would like to thank you for bringing your concerns to the Branch, and I hope that we will have an opportunity to meet, learn and share our views on environmental sensitivities.

Sincerely,

J. Howard Danson
Director
Mental Health Facilities Branch
